12. **COED RULES: 10 fielders (6 men, 4 women). Max 6 guys in field. You can play with 7 players but you must have at least 2 females in order to not forfeit. If you only have 2 female players, your team will take on automatic out, when that female spot in the lineup occurs.**

Fielding:

- The defense consists of a Pitcher, Catcher, 1B, 2B, SS, 3B, and 4 outfielders.
- Outfielders must stay behind the white line separating infield from outfield until the ball is kicked.
- Infielders (including pitcher) must be behind the first 1st to 3rd diagonal until (green and tan line in field) the ball is pitched.
- Catcher must be at least 6 feet behind the kicker.
- *Fielders must stand at least 6 feet from the bases.
- In the event that a team is short players, they may place defenders at any position on the field they see fit.
- Each team must have a catcher at all times.
- If a fielder interferes with a base runner in the baseline, the base runner safely advances to the base they were approaching.
- Fielders making a play on a base must lean out of the baseline when making a play on the bag. If a fielder is standing on the base, the runner will be safe if he/she needs to avoid a collision at the base. Call will be made by the umpire's jurisdiction.

Foul ball is a dead ball and runner cannot advance.

An Infield Fly is a fair fly ball (not a line drive or grounder) that, in the **judgment of the umpire**, can be caught by an infielder, pitcher, or catcher with ordinary effort and when there are runners on first and second or first, second, and third (bases loaded) and less than two outs. **The batter is called out, all runners can remain at their occupied base. Once the catch (or drop) occurs, the play is live and runner can advance at their discretion.**

An outfielder can become a "receiver" and make a play at the base. Ex: the right fielder can cover first base to catch the ball if the 1st base player is not available.

An outfielder can throw the ball at a runner to make a play.

Pegging:

- Pegging is allowed from the shoulder and down.
- If the runner is pegged above the shoulders, the runner is safe to the base they were running to and the play will be called dead. (if ball is going for head and they block with hand, they are SAFE)
- Runner is out if they are pegged above shoulders if they are bending down.
- When a player is pegged below the shoulders, the play will continue **(ball is live)** and all other runners may advance at their own risk

Pitching:

No walks

- Ball must be pitched underhand and bounce 3 times before crossing the plate.
- The pitcher CANNOT sidearm or overhand roll the ball when delivering the ball to the kicker. If the ref deems a ball is thrown side armed, the umpire will call “illegal pitch” and it will be an automatic ball, but if the players kicking decides to kick the ball, the ball is considering a live pitch.

Pitcher must start in the brown area.

The pitcher must release the pitch behind the 2nd white stripe of the pitcher's area.

3 strikes = out (foul on the 3rd strike is an out).

Strike zone: is the area where the foul line meets the batter's box and straight down.

The ball must cross any part of the plate before it is kicked or a foul ball is called.

Kicking: (All players kick and must kick in 2 males / 1 female order)

Teams must bring line ups prior to arriving at the field. We will not provide line up boards. Cannot be done on your cell phone.

Lineup: Softball lineup (you cannot have a guy at the bottom and 2 guys at the top) or lineup that list males and females. Females will be rotated in after 2 guys.

•In situations where a team has more men than women present, some women may need to kick twice in the rotation.

All players must kick before you can go to top of your lineup.

•The penalty for a team playing a game with 2 females the team must take an out in the kicking order every time that missing person's place comes up.

•The missing person(s) must be placed first in the batting order, keeping the alternating theme.

•No bunting! You must follow through your kick or a bunt will be called! (this is at the discretion of the referee). **Half kicks will be called a bunt.**

•A kicker must stand in the green behind the plate before the ball is pitched.

Base Running:

FORCE at all the bases. If the infielder tags the base before the runner hits the base, he/she is out.

Foul ball is a dead ball and runner cannot advance.

- Runners MUST run to the safety bases at all bases. Failure to run to the safety bases will result in an out!
- The base runner may run through bases. The base runner may not advance to 3rd base if he/she runs through 2nd base. Once the player runs through 3rd base he/she cannot advance to home. Once a runner runs through the base, he cannot advance, but any other baserunners may continue to advance at their own risk.
- Absolutely no sliding or diving while running the bases. Sliding or diving will result in an out.
- Runners must tag up as in softball. (based on when the ball is first touched by a fielder)
- Runners may be thrown out by hitting them directly with the ball. Balls may not be thrown at runners above the shoulders.
- No leading off or stealing, any players leading or stealing will be called out.
- Base runners must stay in the baseline. If a runner leaves the baseline they are considered out.
- If a runner intentionally uses the head or neck to block the ball the runner is out.
- > **Force at every base, do not have to peg or tag the runner. If the ball beats the runner, then the runner is out.**
- > **No leading or stealing. If you are caught you are automatically out.**
- > **If a runner is rounding the bases and there isn't a play at the base, they can miss the base as long as it not by more than 6 inches.**
- > **Tie always goes to runner.**

Ball in Play:

- Once the pitcher has **control** of the ball in the pitching area, the play is over.
- If the runner is already advancing to the next base, he/she may continue or go back to the base unless cross the commitment line.

Commitment point:

- The line between 3rd base and home plate.
- If the runner has one foot past the commitment line, they MUST run to home plate, if they run back to third they will be deemed “out”
- If the pitcher has control of the ball within the pitcher's circle and the runner has not crossed the commitment point, the runner WILL go back to third base.
